

SATISH REDDY MEDAPATI

Senior Full Stack Developer (.NET & Angular)

Hyderabad, India | +91 7670995678 | medapatisatishreddy2026@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio WebApp](#)

PROFESSIONAL SUMMARY

Results-driven Senior Full Stack Developer with 5+ years of hands-on experience designing, developing, and deploying enterprise web applications using .NET Core, C#, Angular (v8-v21), and SQL Server at Accenture. Proven expertise in converting legacy monolithic systems into clean microservices, tuning database performance, integrating AI services, and deploying live production applications.

TECHNICAL SKILLS

- **Backend Development:** .NET Core 8, ASP.NET Web API, C#, Entity Framework Core, ADO.NET, RESTful Services
- **Frontend Engineering:** Angular (v8-v21), Signals, TypeScript, JavaScript (ES6+), RxJS, HTML5, SASS, Glassmorphism
- **Database & SQL:** SQL Server, Stored Procedures, T-SQL Optimization, Database Indexing, Supabase, Neon Postgres
- **Cloud & DevOps:** Microsoft Azure (App Services, SQL), Azure DevOps, CI/CD Pipelines, Docker, Kubernetes (AKS), Vercel
- **AI & Automation:** Google Genkit AI, OpenAI APIs, Google Gemini SDK, Python Scripting, Edge-TTS, Process Automation

PROFESSIONAL EXPERIENCE

ACCENTURE | Application Development Analyst (Senior Developer Role) Jan 2023 – Present | Hyderabad, India

- Architected scalable backend RESTful microservices using .NET Core and C#, executing core business logic across enterprise production environments.
- Spearheaded legacy application modernization by migrating monolithic systems to Angular + .NET Core architecture, improving application scalability by 35%.
- Engineered 15+ complex API endpoints integrated with Entity Framework Core and SQL Server, enforcing clean Repository Pattern and Dependency Injection.
- Refactored complex SQL queries, optimized database indexing, and tuned stored procedures, cutting average API response data retrieval time by 60%.
- Established automated CI/CD release pipelines on Azure DevOps, reducing environment deployment friction and release errors by 25%.

ACCENTURE | Application Development Associate Sep 2021 – Dec 2022 | Hyderabad, India

- Developed key frontend screens and UI components for web and cross-platform mobile apps using Angular and .NET MAUI/iOS.
- Built custom Python automation scripts for routine workflow logging and JIRA work hour entries, cutting manual repetitive effort by 90%.
- Resolved critical production UI/UX bugs across mobile viewports and desktop browsers to ensure consistent user experience.

KEY PROJECTS

- [AI-Powered Digital Portfolio WebApp](#) (Angular 21, Signals, Firebase, Ask Satish AI, Vercel): Built a modern glassmorphic profile webapp featuring expandable widescreen video intro, Ask Satish AI assistant, 25+ audited projects grid, and recruiter inbox.
- [AI-Powered Personal Learning Tutor](#) (Angular, TypeScript, .NET Core, OpenAI API, Supabase): Designed a Gen-AI platform generating personalized day-by-day technical study roadmaps, interactive chat assistance, code snippet generation, and automated quizzes.
- [EMI & Financial Management Suite](#) (Angular, .NET Web API, SQL Server, Supabase): Migrated manual spreadsheet tracking into a database-backed web system for managing small business account ledgers, increasing reporting accuracy by 35% across 200+ daily transactions.

EDUCATION & CERTIFICATIONS

Bachelor of Technology (B.Tech) in ECE | Pragati Engineering College | [Campus Recruitment Portal](#) | 2017 – 2021

Microsoft Certifications: Azure Fundamentals (AZ-900) • Power Platform Fundamentals (PL-900) • Security Fundamentals (SC-900)
